

OLD TOWN DESCENDANT LIST NEEDS UPDATING!!

We share information about our pasts to learn from each other and our research materials. We gather to celebrate our common roots and the accomplishments and contributions of our fore fathers and mothers.

Our common thread is that our ancestors walked the Southern California area during the days when this land was first controlled by the original Native American Tribes, through the Spanish Period, through the Mexican Period, California becoming a state, and finally celebrating the early days of San Diego becoming an American town.

We take great pride in our family trees and wish to pass our heritage on to our children. Please help us keep our efforts alive by joining us at our workshops, annual luncheon, or for activities in the park. Be sure to invite anyone you know to join us whose family dates from the early days of San Diego.

To be sure we have current contact information please provide us the following information:
